Q&A

Q: Where are we with moves from building to building?

A: We are happy to announce that the movers completed the last moves on Friday, August 9. The remaining internal organizational pieces are being completed this coming week.

Q: What else needs to be done in the buildings?

A: As the district maintenance and custodial staff do every summer, the final touches such as polishing and waxing of remaining floors and hallways will be completed next week. In addition, the gym floor at RVS will also get a shiny new coat to start off the school year. This is an annual process as the gym is a busy place during the year requiring the floor to be recoated to preserve the flooring.

Q: Will 3rd grade parents and students get to see their new building?

A: Yes, a special tour time for 3rd grade parents and their children is scheduled for the Visitation Day on August 30. The RVS Visitation Day schedule includes additional time for a tour of the building for the 3rd graders and their parents
