"Where Children Come First"

Michele Cone
Superintendent of Schools

Alexa Ingram
Director of Special Services

The Office of Special Services in collaboration with staff across the district and our community partners welcome you to join us for a series of yearlong events to support and engage all families in Clinton Township School District. As partners in your child's education, we know that family engagement is crucial to supporting the home--school connection. We also recognize that the simple act of connecting with other families can result in feeling part of extended community. Lastly, we are opening up our doors to offer families a moment of mindfulness before each event. As part of our commitment to social and emotional learning for our students, we invite parents and guardians to take a few moments out of their day to mindfully unwind and focus. Join us for 10 minutes of Mindfulness before each session -- no experience necessary.

All events take place at:
Clinton Township Middle School
6:30 - 8:00pm *Unless otherwise specified*

November 13, 2019	The first Special Education Parent Advisory Group (SEPAG) meeting
December 11, 2019	Parent Training and Engagement
