

# Clinton Township School District

---

## Protocols for Weather Related Closures or Delays

Weather closing and delay are difficult and not made lightly.

Discussions with key agencies take place in the very early hours of the morning (& often the night before).

- North Hunterdon Voorhees School District
- NHVS sending districts
- Clinton Township Police Department
- Hunterdon County ESC, who coordinates our transportation
- District personnel regarding parking lots, sidewalks, and driveways.

Key factors are student and staff safety as well as the ability to be cleared and ready to receive students.

We understand it is difficult for working parents and ask that all parents have plans in place for such times.
