"Where Children Come First"

Dear CTSD Parents and Community,

Our interim Superintendent and Administrative team have been hard at work creating our Reopening Plan. On Monday, July 27th, the board will be voting on this plan so that we can be in compliance with the submission to the County Superintendent by our August 1st deadline.

I'd like to thank all the administrators, teachers, staff, and parents who participated in our committees and all surveys that went out. This feedback was critical to creating the Reopening Plan.

In anticipation of Monday's meeting, the draft plan is attached to this email as well as posted on our website. This draft plan provides our entire educational community with health and safety standards beyond the minimum requirements as identified by the CDC and consistent with the mandates and guidance from the New Jersey Department of Education. I'd like to thank all of our stakeholders for their support during this difficult time.

Thank you,

Lana Brennan
President
Clinton Township Board of Education
